I received a letter and a subscription from Bill Enderlin, who is now a patient in the Veterans' Hospital at Jackson, Kentucky. Bill asked to be remembered to all his friends here. He stated that he was not feeling so hot.

I am still trying to swap a one horse motor THREE phase for a one horse motor SINGLE phase.

Mr. H. R. Vance, of Hq. Bn. 11th P. A. at Camp Shelby is visiting his mother, Mrs. W. T. Costlow. He is a Warrent Officer and his title is "Mr."

Grenada regrets to lose the A. I. Tronson family which has moved to Oxford.

The old lady had a good time at the birthday party also.

There were a lot of pretty gals at the 180 dance Saturday night at the Community House.

Unless you KNOW what you are doing, vote AGAINST the constitutional amendments.

If I were a slacker, I would wear dark glasses and come out only at night like a bat or an owl.

And they sweet.

William Wright has a nice couple. The camp Adjutant and his lovely wife, living in a trailer in his yard. I have forgotten the names.

Bill we mention the fact that Lambert Gammons, now in the Air Corps at Keesler Field, is receiving the paper. Hope you become a Corporal soon, Private Gammons.

A travel priority is a special privilege granted bureaucrats so they can get somewhere in a hurry to tell somebody he can't do something that needs to be done.

What we hear from Washington about rationing is true. "I Got Plenty of Nothin'" will shortly become the No. 2 national anthem.

Times indeed are getting good. "Little Annie," Ed Lewis' favorite mule, is at last out from under mortgage.

Our business of printing personal stationery for men in the service certainly is picking up. No more appropriate gift, nor one more appreciated could be given.

We are prepared to print personal stationery for the ladies; with name, address and three-letter monogram.

Did we mention that Private John W. Willis, of Graysport, had been added to the list. He is in Pacific waters somewhere, and that's a large place.

We are just about to close up our motorcycle section. Those wishing new in the regular black and white section will be contacted soon. Prices in the black and white are cheaper. However we will print at least 5,000 of the brown sections and 2,500 of the black and white sections.

And they sweet.

I had a grand time at Colonel Wades birthday party. I think everyone else did too.

Brother John Kraft, big shot of the Kraft Cheese Corporation, of Chicago, spent the week-end here.

I bow my head in sorrow with the other friends and relatives of Mr. Tom Thomas, who was a friend of my grandfather, a friend of my parents, a friend of mine and a friend of my children.

Mrs. T. G. Salmon, of Houston, sent in a timely and appreciated contribution last week.

I certainly was surrounded by youth and beauty at the birthday party the other night.

Miss Smith, of Shreveport, was a recent visitor.

Wonder how Roy Boteler is getting along?

Judge Smith had his boy cutter working overtime this week cutting the links in the irksome chains of matrimony.

42 discouraged couples sought relief from the matrimonial obligations. Most of them, when free, will get in to a mess again.

I think that, while they are at it, the OPA should make it illegal to have a joker in a deck of cards, and, possible, reduce the suits to three instead of four; also have five-sided dice, instead of cubes, for use on the green tables.

Machine Shop And Aircraft Training Offered In Grenada

Lives of men in this World War will depend largely upon the degree of mechanical or other skill of hand or head of war production workers, as well as their own skill in military training. The Vocational Department of Grenada High School is meeting this demand through the training of both men and women in its aircraft sheetmetal and riveting and machine shop schools. A course in Elementary Surveying is being offered for men desiring to go into this type of work. The class meets at the high school on Tuesday and Thursday nights at eight o'clock. You may enroll at the class any time this next week. Enrollment in machine shop and aircraft work is through the U. S. Employment Service. Factories are calling for more men and women than we are able to supply. Pay is good, working conditions excellent, and chance for advancement to supervisory position good.

The training given in our school is free and can be completed within six to twelve weeks depending upon the individual. Selective Service registrants may enroll and qualify themselves for rapid advancements when inducted into service. Anyone desiring particulars are invited to talk with our instructors at either of the two schools.

A Correction

In the article "Ladies Rest Room Improved" it was stated, "The Woman's Club was requested to take over the Rest Room management by Commissioner J. M. Talbert." This is an error; the Civic League having sponsored and managed the Rest Room for a number of years felt that it was time for some other club or organization to shoulder the responsibility and offered it to the Woman's Club. The League believing that it was very essential for Grenada to have a Rest Room for the comfort and convenience of the ladies living in the country, tourists, and working girls, managed to keep it open notwithstanding the depression, which made it necessary for the City and County boards and the merchants to reduce their appropriations to a minimum. Now that we are prosperous again and the need for a Rest Room is greater than ever before it is very commendable of our City, County and the business men to give to it the financial support needed to furnish and maintain a place Grenada will not be ashamed of.

Mrs. C. C. Penn, President, Civic League.

HOUSE CONCURRENT RESOLUTION NO. 17

A CONCURRENT RESOLUTION TO AMEND SECTION 211 OF THE CONSTITUTION OF THE STATE OF MISSISSIPPI SO AS TO PROVIDE THAT THE LEGISLATURE MAY PROVIDE FOR THE LEASE OF SIXTEENTH SECTION LANDS RESERVED FOR THE SUPPORT OF TOWNSHIP SCHOOLS WHERE SUCH LANDS ARE SITUATED IN ANY MUNICIPALITY OF THE STATE, FOR A TERM NOT EXCEEDING 99 YEARS, FOR A GROSS SUM.

RESOLVED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI, TWO-THIRDS OF THE SENATE AND HOUSE OF REPRESENTATIVES AGREEING THERETO: That the following amendment to the constitution of the State of Mississippi be submitted to the qualified electors of the state for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, A. D. 1942, viz:

Amend Section 211 of the Constitution of the state of Mississippi so that it shall read as follows: "SIXTEENTH SECTION LANDS SITUATED IN THE MUNICIPALITIES OF THE STATE MAY BE LEASED FOR A TERM NOT EXCEEDING 99 YEARS.

SECTION 211. The Legislature shall enact such laws as may be necessary to ascertain the true condition of the title to the Sixteenth Section lands in this state, or lands granted in lieu thereof, in the Choctaw Purchase, and shall provide that the Sixteenth Section lands reserved for the support of township schools shall not be sold nor shall they be leased for a longer term than ten years for lands situated outside municipalities and for lands situated within municipalities for a longer term than 99 years, for a gross sum; provided further that existing leases of the Sixteenth Section lands situated in the municipalities of the state may, for a gross sum, be extended for a term of years not exceeding 99 years from the date of such extension, but the Legislature may provide for the lease of any of said lands for a term not exceeding twenty-five years for a ground rental, payable annually, and in the case of unleased lands may lease them for such short terms as may be deemed proper in consideration of the improvement thereof, with right thereafter to lease for a term or to hold on payment of ground rent; provided, however that land granted in lieu of

Sixteenth Section Lands in this state and situated outside of the county holding or owning same, may be sold and the proceeds from such sale may be invested in a manner to be prescribed by the Legislature."

SENATE CONCURRENT RESOLUTION NO. 11

A CONCURRENT RESOLUTION TO AMEND THE CONSTITUTION OF THE STATE OF MISSISSIPPI, ARTICLE 8 THEREOF, BY ADDING THERETO A NEW SECTION, TO-WIT: SECTION 213-A, CREATING A BOARD OF TRUSTEES OF STATE INSTITUTIONS OF HIGHER LEARNING.

SECTION 1. BE IT RESOLVED by the Legislature of the State of Mississippi, two-thirds of the members of each house concurring therein, that Article 8 of the Constitution of the State of Mississippi of 1890 be, and the same is hereby amended so as to add a new section thereto, to-wit:

SECTION 213-A. STATE INSTITUTIONS OF HIGHER LEARNING

The State Institutions of Higher Learning now existing in Mississippi, to-wit: University of Mississippi, Mississippi State College, Mississippi State College for Women, Mississippi Southern College, Delta State Teachers' College, Auburn Agricultural and Mechanical College, and Mississippi Negro Training School, and any others of like kind which may be hereafter organized or established by the State of Mississippi, shall be under the management and control of a Board of Trustees to be known as the Board of Trustees of State Institutions of Higher Learning, the members thereof to be appointed by the Governor of the State with the advice and consent of the Senate. The Governor shall appoint only men or women as such members as shall be qualified electors residing in the district from which each is appointed, and at least twenty-five years of age, and of the highest order of intelligence, character, learning, and fitness for the performance of such duties, to the end that such Board shall perform the high and honorable duties thereof to the greatest advantage of the people of the State of such educational institutions, uninfluenced by any political considerations. There shall be appointed one member of such Board from each Congressional District of the State of now existing, and one member from each Supreme Court District, and two members shall be appointed from the State at Large. The term of office of said Trustees herein provided for shall begin May 8, 1944; and it shall be the duty of the Governor to make such appointments during the regular session of the Legislature of Mississippi in 1944; and one-third of the membership of said Board shall be appointed for a period of four years; one-third for a period of eight years; and one-third for a period of twelve years; and thereafter their successors shall hold office for a period of twelve years. The members of the Board of Trustees as constituted at the time this amendment shall be inserted in the Constitution as a part thereof shall continue to hold office until their respective terms

expire under existing law, after which time the membership of the Board shall consist of the number hereinabove provided for. In case of a vacancy on said Board by death or resignation of a member, or from any other cause than the expiration of such member's term of office, the Board shall elect his successor, who shall hold office until the end of the next session of the Legislature. During such term of the session of the Legislature the Governor shall appoint the successor member of the Board from the district from which his predecessor was appointed, to hold office until the end of the period for which such original trustee was appointed, to the end that one-third of such Trustee's terms will expire every four years.

One Trustee in addition to the above shall be appointed by the Governor for the University of Mississippi

pl, who shall have a vote only in matters pertaining to the University, and which Trustee shall be a resident citizen of DeSoto County, to be known as the Trustee for the La Banty Fund, and serve for a term of four years to commence from the date of appointment.

Such Board shall have the power and authority to elect the heads of the various institutions of higher learning, and contract with all donors, professors and other members of the teaching staff, and all administrative employees of said institutions for a term not exceeding four years; and said Board shall have the power and authority to terminate any such contract at any time for malfeasance, inefficiency or contumacious conduct, but never for political reasons.

Nothing herein contained shall in any way limit or take away the power of the Legislature and and possess

ed if any at the time of the adoption of this amendment, to consolidate or abolish any of the above named institutions.

SECTION 2 That this amendment to the Constitution shall be submitted to the qualified electors of the State for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, 1942, in accordance with Section 273 of the Constitution of the State of Mississippi.

THE FOLLOWING FACTS SHOULD BE CAREFULLY CONSIDERED BY EVERY CITIZEN OF GRENADA AND GRENADA COUNTY:

1. For more than eight years beer has been sold legally in Grenada and Grenada County.
2. Since 1939 the Mississippi beer industry, through this committee has conducted an intensive program to maintain decent, wholesome conditions wherever beer is legally sold. Law-violators are cited to the proper authorities and official action taken against them.
3. In Grenada County, law enforcement officials and informed citizens KNOW that beer is now sold in decent, wholesome surroundings. They also know that this committee is constantly vigilant to see that beer retailers respect and obey the law.
4. The present GOOD conditions in Grenada and Grenada County are the result of this Committee's cooperation with your local law enforcement officials in the fight against law violators.
5. When the legal sale of beer, under such SELF-REGULATION is voted out the BOOTLEGGER IS VOTED IN.
6. When the BOOTLEGGER MOVES IN respectable business men are forced out of business, their employees out of jobs and everybody suffers... except the BOOTLEGGER.
7. THE CITIZENS OF THIS CITY AND COUNTY CANNOT AFFORD TO SWAP PRESENT GOOD CONDITIONS FOR THE BOOTLEGGER AND ALL HE STANDS FOR.

It is far better to control the sale of moderate beer in legally, self-regulated places than to invite the bootlegger back into business in your community.

Jumping 40,000 Feet

How to jump 40,000 feet and live was explained by Lieut. Kenneth E. Penrod of the Wright Field army laboratories and reported by Pathfinder. What kills during high jumps is the mere act of breathing. In the stratosphere the air is so thin (lacking oxygen) that a man breathing normally will lose consciousness in a few seconds, and life in minutes.

A flier opening his chute at 40,000 feet will take 24 minutes to reach the ground—and enough of those minutes may be spent in the danger zone to kill him. But if he holds his breath and keeps his hand off the ripcord for 30 seconds, he will fall into breathable air.

STEPS TOWARD SOLUTION OF
THE ALCOHOL PROBLEM

LESSON TEXT—Ecclesiastes 10:17; Amos 5:21-24; Romans 14:19-21; II Corinthians 6:17; I Peter 4:1-3.
GOLDEN TEXT—Let judgment run down as waters, and righteousness as a mighty stream.—Amos 5:24.

Let's do something about it! That is the right word regarding the liquor problem now. The time is past for theorizing or deploring—we need action. The liquor interests have redoubled their efforts of late because they fear the aroused public opinion of decent Americans. Why do not America's 65,000,000 church members say the word now, and curb this awful thing which is threatening to destroy us?

I. Right-Minded Rulers (Eccles. 10:17).

National leaders should set the example for the people—an example of sobriety, of clear-headed thought and full devotion to the cause of our country. Are they doing it? We quote: "Washington is the wettest spot in the nation. The per capita consumption of alcohol in the District of Columbia is almost twice that of the wettest state in the Union. In 1940, 4.26 gallons were consumed for every man, woman and child. Nevada, the wettest of all our states, consumed 2.65 gallons per person. There at Washington where they need the clearest heads, the steadiest nerves, and the highest morals, they are drinking the most booze" (Dr. I. M. Hargett). What about 1942? Those who have been able to observe, indicate that conditions are probably worse now!

The secretary of war and the secretary of the navy have insisted on the desirability of the sale of beer in service canteens. No wonder the *Brewers' Digest* of May, 1941, gloated: "One of the finest things that could have happened was the insistence by high ranking officers to make beer available in army camps. . . . Here is a chance for the brewers to cultivate a taste for beer in millions of young men."

II. Right-Spirited People (Amos 5:21-24).

God has no pleasure in the religious observances and the pious words of a people who profess to worship, but who come with unrepentant hearts and unclean hands.

Can God bless the man (for his money) who profits either directly or indirectly from the sale of intoxicants? Amos has the answer. Let us heed his plea that righteousness should run through our national, as well as our personal lives, "as a mighty stream."

III. Right Living Christians (Rom. 14:19-21; II Cor. 6:17; I Pet. 4:1-3).

We have already suggested that there are 65,000,000 church members in America. If they were all right-living Christians there can be little question that they would long since have eliminated the liquor business, for it is certainly not un-Christian. Apparently they are either not real Christians, or they are asleep to their responsibility. Our Scriptures in this section tell us that in a true Christian life there is

1. No offense (Rom. 14:19-21). The question here is that of eating meat offered to idols, which does not concern us; but the great Christian principle here stated is of the highest importance and bears directly on our daily life.

None of us lives to himself (Rom. 14:7). Everything we do counts either for or against Christ. Such an ordinary (we regret) thing as staying away from church service speaks to the world and especially to our neighbors of our loss of interest and respect for the worship of God. Apply that principle to the use of any alcoholic beverage, and every Christian must be a total abstainer.

2. No Compromise (II Cor. 6:17). We have come to the unscriptural and deeply dangerous viewpoint that if a Christian wants to compromise a bit with the world, the flesh and the devil, that's his "business." God does not think so. He says: "Come out from among them, and be ye separate." The weakness of the church on this matter of liquor is that too many of the 65,000,000 are guilty of the sin (and that's what it is!) of compromise.

3. No Worldliness (I Pet. 4:1-5). Here again the assumption of many is that there are two groups in the church—worldly Christians and spiritually minded ones, and that each is as good as the other. Both classes are there, no doubt about that, but God never has and never will countenance worldliness on the part of His people.

Essentially, there are just two opposing principles in this world—self-will and God's will. We are either controlled by the flesh or by the Spirit of God. Peter makes it clear that the one who claims to belong to Christ should no longer be controlled by self-will, but by God's will. Are we ready, fellow Christians, to yield to Him?

Smart Woolknit Fabrics Used
For Wide Variety of Purposes

By CHERIE NICHOLAS

THE vogue for woolknit fashions and handknits is reaching a new high this season. To see a collection of smart new woolknits is to know the reason why they are making such an enviable record in the fall mode.

It is almost unbelievable that such things can actually be in the knitted realm as the gorgeous plaids, checks, stripes, tweed-like effects and other fabric patternings achieved in current fashions. But added to its flattery and attractiveness, you will find in knitted apparel well-made garments that will be practical and comfortable in a winter of lowered temperature due to the new fuel-saving program.

Then, too, in the wool knitted fabrics, which include not only jersey but many worsted and basket-weave types, one is able to find interesting surfaces that priorities are forcing out of some woven fabrics.

Attuned to the rich coloring of an autumn day is the window-pane plaid used for the woolknit suit shown to the right in the above picture. Later on you can wear this dramatically colorful suit under a winter coat and with your new giant fur muff and neckpiece—what a picture! The large profile beret is just about the smartest in fall headgear. The jewelry ensemble (and how essential is important jewelry to the costume this season!) is gold plated silver set with large aqua colored stones and rhinestones. The good looking alligator purse qualifies as high in style prestige.

Every inch a thoroughbred is the beautifully styled wool tweed-knit suit shown to the left in the above picture. The color scheme inter-

mingles blue with gray. The hat is a soft breton in gray with a scarf of sheer red woolknit. A gold plated sterling silver spiral clip fastens the scarf to the shoulder, and there are matching earrings.

In the artful uses of yarn, crochet, knit and embroidery touches designers have tapped a new source which is yielding a flow of ideas revealing the vast possibilities offered in yarn technique. Fashions of today are being lavished with ingenious knitted and crocheted effects. The oval inset picture is of outstanding interest in that it illustrates a trend now so pronounced in the costume design program of combining knitted detail with wools and other materials. In this instance a brown wool dress is designed with an aqua knitted yoke. A family relationship is established with the hat in that the swirling beret is trimmed with matching knitted fabric.

Throughout the fall and winter collections costumes are noted that have yokes, pockets, belts and other intriguing crochet or knit details interwoven with the wool of the dress. If you prefer to wear knitted accessories rather than have the knitted theme incorporated into the dress or coat itself, you will find a feast for eyes in the intriguing items on display.

The hat and bag sets, also hat and muff sets, done in multi-colored yarns are simply irresistible. The hat may be any type from a wee pillbox to a wide brimmed casual—with pointed skyscraper crown, and you will be seeing the smartest mittens that fit like a glove and have interesting detail to complement the stocking caps, pill boxes, tricornes and other knit headwear worn.

It's Reversible

Clever collegians are picking black cotton velvet evening coats with double-duty potentialities. This mandarin coat lined with multi-colored, specially woven cotton in a homespun-like texture is a case in point. Worn on the light side it makes a perfect foil for dark clothes or looks dainty with party frocks in pastels. Either surface is right for evening wear or with dress-up date dresses in which girls go to service men's tea dances all over the country.

Sheer Lace Bodice
Tops Black Dresses

Something most alluring is happening in evening and "dressy" afternoon costume design. It is the use of sheer bodice tops, yokes and sleeves either color-matched to the dress or in lovely pastels or in sharp contrast.

It is the black dress that for the most part takes on these alluring transparent touches. The sheerest of sheer black lace is made to appear even more sheer when the yokes or sleeves are posed over a nude-colored sheer such as chiffon or tinted tulle, thus accenting pretty shoulders and throats and arms. Many of the pretty shoulder effects are elaborated with the sparkle of sequin and spangle, or with flashes of jet beads or jeweled embroidery.

The street length formal frock needed something to differentiate it from just the usual afternoon dressy frock, and the nude shoulder effects do just that. Even the less formal afternoon frocks are being sleeved and otherwise "beautified" with exquisite bodice tops.

Coat Types

Versatility in fur coat styling distinguishes a three-quarter length mink coat of Chinese coolie inspiration. This is enriched with a handsome lining of rich Chinese brocade. Fitted coats of Persian lamb employ a side fastening with subtle drape. Much emphasis is also placed on hooded fur fashions.

Velveteens

Bright velveteen date dresses, fur-lough dresses and "off duty" dresses are made to flatter, and they do just that. The colors of the velveteens are fascinating, special stress being placed on fuchsia-purple.

It is not necessary to make our economies so dull and dreary that they depress every one. Let's make them so gay and attractive that they give us a lift and a bit of a challenge too. This old rocker is an example.

A saw and a wood chisel were used for removing projections and rockers. An old quilt was found for padding and the feathers from an old bolster were packed into a thick seat cushion to raise the seat which has been lowered by removing the rockers. This required a yard and a quarter of ticking. Four and one-half yards of inexpensive chintz in a bold, modern pattern did the rest. Total cost for an up-to-date chair less than two dollars, that will serve well for the duration.

NOTE: This remodeled chair is from BOOK 5 of the series of booklets that are offered with these articles. In this

book an old-fashioned couch is modernized; end tables from spools; new types are found for a camp stool; other types of chairs are made over; and a love seat is made from an old car seat. Also patchwork designs and directions for designing and making hooked rugs. To get a copy of BOOK 5, send your order to:

It Appears the Little Chap Was Just Having Sum Fun!

The father, who had made a practice of helping his young son with his arithmetic problems from school, took the little fellow to church with him on a Sunday.

They arrived a trifle late, the minister having already announced the opening song to be sung by the congregation. They found their seats and hurriedly sat down, as the clergyman said: "Ten Thousand Times Ten Thousand. Two hundred and twenty-two. Everybody!"

The little lad seemed puzzled for a moment, then nudged his father.

"Dad," he whispered, "do we have to work out this one, too?"

Many women believe long washing makes clothes cleaner. Quite the reverse may be true, because textile fibers swell in water and if they swell sufficiently, under prolonged washing, dirt may actually be washed into the fibers.

Indian meal will remove grease from an iron sink.

To remove apple stains from hands wash in clear water, then rub a little tartaric acid (a powder) on them and every stain will vanish, leaving the hands white and clean.

Because the bran particles in whole-wheat flour make complete sifting difficult, whole wheat flour should be thoroughly mixed by stirring it lightly with a fork before measuring.

If guests in the home are inclined to make the housewife nervous, she would be well to plan meals that may be prepared almost in their entirety before her guests arrive, such as chicken a la king, baked ham, pot roast. All these may be prepared and reheated and cause no disturbance after her guests arrive.

Cook celery slowly; it toughens when cooked too quickly.

Keep sweet potatoes spread out so they will not touch if you don't want them to become soft and rotted.

Don't Wait for Constipation to Hit!

What do you do when constipation comes? Do you rush to the medicine cabinet for an emergency cathartic? And then—have to do it all over again next time.

If yours is the common kind of constipation due to lack of "bulk" in the diet, here's a better way of treating your constipation. A way that prevents it—by correcting the cause! Start eating KELLOGG'S ALL-BRAN regularly. ALL-BRAN corrects the cause by supplying the "bulk food" you need. Enjoy this crisp, crunchy cereal daily, drink plenty of water, and hit constipation before it hits you! ALL-BRAN is made by Kellogg's in Battle Creek. If your condition is not helped by this simple treatment, see a doctor.

UNNECESSARY EXPOSURE

By J. T. BARBER
McClure Syndicate—WNU Features.

"O'KEEFE, upstairs!" Patrolman O'Keefe dropped his dissembled pistol on the assembly room table beside the rags and cleaning oil and hot-footed it up to the lieutenant's office. He knew what the lieutenant would say. The lieutenant would say: "O'Keefe, what are you mooning about? You're slowing up."

O'Keefe would reply: "Lieutenant, do you know Miss Polly Cudahay that lives at 400 North Woodbine?"

And the lieutenant would say: "No, O'Keefe. Tell me about her."

Then Patrolman O'Keefe would go on to say how a woman could trouble a man by deliberately ignoring his brass buttons and his tall blue-coated figure of authority.

And when a woman like that had dove's eyes and hair like the pale amber fire in honey under sunlight and a nose that rivaled the poetry of her mouth—why it was nothing less than unnecessary risk and exposure. He would ask the lieutenant's advice.

"O'Keefe!" the lieutenant snapped when the patrolman had saluted, "get set for a quickie in your district tonight. You're going on duty now. Dust out to Woodbine and Hamilton. Hide in the grocery store there and do your duty."

O'Keefe's mouth closed over his private troubles with the abruptness of a sprung trap. It was probably the mob from Philly, who had been hitting a different grocery in town every Saturday night. They were raiders, "quickies" who swooped down and carried off the day's receipts.

"O'Keefe," the lieutenant was saying, "a good piece of work on this job will get you a promotion."

"Yes, sir," replied O'Keefe, even while his will power struggled to submerge the disconcerting influence of Polly Cudahay. It was the more difficult because unfortunately she lived just across the street from the store.

When he got to the corner he paused on the curb for one last look around before entering the store. It was not entirely necessary, but his bright blue eye had fallen upon the alluring face of Polly Cudahay and he thought it would be a swell idea to ignore her officially.

Accordingly he paused there by the waterplug and, glancing unconcernedly about, straightened his belt with just that unstudied touch that makes efficiency a pleasure.

He wanted her to get a good look this time at a fine looking policeman and evidently she did because she seemed to be looking him up and down without seeing him at all.

He was burrowed among boxes and bags in the grocery three torturous hours when they came in. Three of them. O'Keefe studied the men from the black shadow of his vantage point. It wasn't much of a place to shoot from. His hands twitched under the strain, but there wasn't anything to do but wait.

The trio fiddled around until the last customers left the store and then at a signal they pulled their guns. It was all done in the flick of an eyelash. Now it was time for O'Keefe to act. But someone else was acting.

With the suddenness of a squall a riot squad had come pouring in through the front and side doors, shooting as they came. In ten seconds the place was a madhouse of staccato shots. Cans of vegetables began to leak over everything.

Patrolman O'Keefe was in the thick of it then. The stumbling figure of a riddled gunman crashed into him. He grappled with the bandit and took his gun. Then he did some effective shooting with it. It gave him a thrill to shoot the robbers with their own weapon.

Afterward when everyone was congratulating him he became more and more indignant. It was something that had come up to gnaw within him and to embitter his triumph. And when he could get away it took him no more than a split second to reach Polly Cudahay's door. He wanted to ask her if she thought he was so weak and wan he needed help on that little job. And what business was it of hers anyway?

He didn't expect her to deny it, but she did. She denied with flashing eye she had anything to do with calling the riot squad. He could see then that if he ever kissed her it would have to be a delight separate and remote from any subject that happened to be up for discussion.

"And you didn't wonder what I was doing on the curb?" he growled. "I did not," she said. "Police-men stand around on curbs all the time, like the braggarts they are, all brass and buttons."

"It's the uniform, Colleen," he informed her with dignity. "It isn't the man. The badge on the tunic and the gun on the hip—they clothe a common man with the authority of the law."

"Oh, yes?" said Miss Cudahay with a belittling eye on his right hip. "Well, you've practically been a nudist for hours!"

With that Patrolman O'Keefe clapped a disarming hand to his heavy service holster and found it as empty as his pride.

Use Native Material For Farm Structures

Building Substitutes Found Satisfactory

Although building construction is limited by government order to conserve materials for the armed forces, some agricultural construction is necessary and can be realized through the use of native and local materials which are not critical.

Among the materials recommended for use in farm construction in these times are concrete, concrete blocks, field stones, brick and tile. Unskilled labor can do a fair job with these materials. Poultry houses, machine storages, granaries, dairy barns, milk houses—in fact, practically all buildings normally constructed of wood can be built of these materials with assurance of excellent results. Electric and water supply facilities can be added after the war.

Wood stanchions and partitions will substitute for steel. Roll roofing provides an inexpensive and temporary covering which serves as a base for other types, excepting steel which should not be placed in contact with a tar or asphalt surface because of corrosion. Home-sawed

An important use for heavy hemp ropes is shown in this scene on the Harper Carroll farm near Ellicott City, Md.

lumber can be used in place of costly West coast supplies.

Violation of the building conservation order, designated as Order L-41, which limits building to \$1,000 for farm construction and \$500 for house repairs, may result in being prohibited further deliveries or use of material under priority control.

For details about this order and how it applies in your case, contact your county agricultural war board. Your county agricultural agent is the secretary.

Maple Products

Nearly one-third of the annual yield of maple syrup in the United States, is puffed in cigarette and pipe tobacco. Manufacturers have discovered that by holding moisture, it gives proper burning qualities to tobacco. Syrup grades that are not up to fixed color standards are used for flavoring chewing tobacco.

The sugar belt runs from Maine to Minnesota, from Canada south to Maryland west to Arkansas and nearly every farmer raises sugar for home use. Vermont tops the nation in the amount of maple products, and has earned the reputation for producing the best.

It is no secret that a large amount of syrup from elsewhere is shipped into Vermont and processed and sold under Vermont labels.

The eastern states produce nearly all the maple products sold commercially. Some sugar groves are 150 years old and are still paying taxes on farms for the grandchildren of the men who planted them. Sugar trees do not reach top form until they have lived 50 years.

Old time open kettle methods were used in sugar making until 1875, when modern machinery appeared and the picturesque quality of the business disappeared. Now there are sterilizing hydrometers, evaporators and streamlined sugaring-off pans. In some camps where the contour of the land is right, an elaborate pipeline system collects sap and conveys it, by gravity, to the sugar house.

Hens Have High Body Heat

Hens have a body temperature of about 106 degrees F. The heat given off by the body of the hen is quickly lost with a few birds in a large house, or with any number of birds in a cold house. But if the house is tight and properly constructed otherwise, and if the house is filled to capacity, the body heat will many times keep it warm enough to make the birds comfortable, increase egg production, and reduce the danger of diseases.

One on the Reporter

A story is told of a new reporter on a New York newspaper who had instructions directing him to confine his article to a column. The reporter protested that the story was too big to be compressed into so small a space.

"Get a copy of the Bible and read the first chapter of Genesis," said his chief. "You'll be surprised to find that the whole story of the creation of the world can be told in six hundred words."

WE TO IMPROVE

Now that most of us have got in the "swing" of things, let us take stock of ourselves. Have we done all we could do for ourselves in the way of learning? Sorry to say, we have not. Not many of us have put ourselves wholeheartedly into this idea of school. If you think otherwise, I refer you to this six weeks' reports. Consider your own record. Is it the best you can make, or is it, as I think, that you can do better?

Yes, we are quite familiar with the favorite excuses. "I just have so much to do," or "I am in so many organizations that I just don't have time to do a thing."

I know it is hard to say "It's my own fault. I know I should be able to, but I have just put it off," for it's the truth, isn't it? The truth is, always harder to face than false charges.

It was quite natural that we should take things a little slow, the first weeks, getting all the organizations in action, and getting used to the routine school again. That was all right, but now with one-sixth of the year gone, there will have to be a change made.

In many schools over the country, if the student doesn't make a satisfactory grade, he is kindly informed that if he doesn't do something about the matter in a big hurry, school isn't the place for him. In plain words, "Squid, if you don't intend to make a business out of your school, you will be promptly 'put' into war work."

In one way it is a good thing that we don't have such a rule here, for just about half of us would be out now.

The armed forces are crying for skilled men in every field. It is imperative that we keep up and freshen our school training and getting ready. Our school program has been greatly enlarged since the war so that preliminary training will be open to those who wish to take advantage of it. It is up to us, as students to take advantage of this fine opportunity.

It was all right to spend the first day or two getting organized. Every new situation needs such a period, but the ability with which one can adapt himself to the new is acquired, not inherited.

Any type of people can organize, but it takes real men and women to take action. There are too many organizations that accomplish exactly nothing. The action is entirely up to the members for without active members, no leader however vivacious can put life into an organization. It is exactly the same in school. No matter how good our teachers are, without our own action we will learn nothing. I know, you know and we know that you can do it. So come on G. H. S.: How about a little action? How are those next report cards going to look? It's up to you. So come on!—J. G.

GIRL RESERVES MEET

The Girl Reserves held a regular meeting Thursday, October 15, with seventy-six of the ninety-two enrolled present.

The president, Marguerite Stanley, called the meeting to order. After the business an extremely interesting program about Girl Reserve camps was given. Everyone sang camp songs which were led by Mary Elizabeth Horton. Catherine Herring sang a solo, "Camp Rockbrook." Lucy Moss and Marguerite Stanley gave a vivid description of their stay at Gulf Park last summer. They told about their trip down, the activities, the people, the fun they had, and what they learned.

After the program, it was announced that Mary Elizabeth Cowan, Winifred Saunders, and Margaret Green had been chosen as delegates to represent Grenada at the district Girl Reserve Conference in Kosciusko Saturday and Sunday, October 24 and 25. Miss Haynes urged everyone who could to go for one day.

ALLIED YOUTH GROUP ORGANIZED

Tuesday afternoon Mr. Roy Berg, a speaker representing the National Allied Youth Organization talked to the student body about the evils of alcoholic beverages. In his talk he emphasized the fact that more highway accidents are caused by the effects of alcohol than any other fact. During the year of 1941, 60,000 tragedies resulted from the drinking of alcohol in some form.

The purpose for his coming to speak with the students was to get an organization of allied youth started in our

school. Allied Youth groups are being formed all over the United States so that youth may be educated against the use of alcohol and know how to have a good time without intoxicants.

All students interested in becoming charter members of this club assembled and talked with Mr. Berg about organizing the club.

The next day a meeting was called and officers were chosen. The following people were elected officers: President, Winifred Saunders; Vice President, S. H. Cowan; Secretary, Mary Elizabeth Cowan; Treasurer, Tommy Horton. Miss Pierce is sponsor of the group.

G. H. S. BULLDOGS TRAMPLE WATER VALLEY 32 TO 6

Unopposed in the North Central Mississippi Conference the Grenada Bulldogs routed a 32 to 6 victory over a previously unbeaten Water Valley eleven Friday night at Proby Field. It was the Bulldogs' fourth victory in five starts this year and their third conference triumph against "do" defects.

The Bulldogs were the superior team throughout the game, racking up five touchdowns and two extra points. Behind an alert and fast charging line, the Grenada backs ripped and roared down the field for the tallies. Turnips and Purdie led the scoring with two touchdowns each while Marescauc accounted for the fifth marker on a 45 yard run around his own left end.

Previously the Bulldogs have beaten Vardaman, Batesville, and Yazoo City, while losing a hard fought game to a strong Louisville team by a score of 12 to 7.

The Bulldogs will go to Winona Friday, October 23, for an important conference game. On Friday, October 30, they move to Sardis for their last out of town game, returning to play host to Canton at Proby Field on November 6. Larry Noble.

JUST FOR FUN

Reports have been coming in about a picnic held last week. We'll give you a sample:

It seems to us that if MOORE had been invited, there would have been less excuse for anyone to HORN in. A NOBLE from SPAIN was the guest of honor. He wore a WHITE ROSE in his lapel.

When the dinner BELL rang—all sorted themselves contentedly on the GREEN MOSS, by an old CANNON. They enjoyed eating BOILED HER-RING. While they were enjoying themselves immensely, a dark brown WOLF suddenly slipped down the HILL to one of the nearby BARNES and snatched a little lamb.

By this time the party was on its way home. As they passed the barn they were startled to the point that they must investigate. Summoning the help of a nearby PEG legged CARP-ENTER, who was at that moment carrying a NAIL in one hand and a BOX in the other, they went to see what could be done. They were startled to see that the WOLF had departed leaving only GORE to mark the remains of the little lamb.

By this time every one was ready to go to his respective TOWNES with the prospect of PLEASANTS thoughts for the MORROW.

E. C. Litten, the tall dark Romeo, has finally broken down and given the girls a break—but alas she was not of High School.

The editors are beginning to believe they are blind. Here's this thing about John Box and Margie White going on for weeks and ye old editors just now finding out about it!

Gretelle Nail is very excited about the prospective visit of her soldier this week-end. Also Margaret Bell's current flame hit town Friday afternoon at 3:30.

Sold in town—one soldier meeting one Junior girl's papa. Him-m-m-m!

These girls and their huge rings that sparkle and shine! Special from Miss Cook's Novelty Shop.

Turnip may have some reason for hiding "Somebody else is taking my place." We wouldn't know—would you? Pah!

Hold your breath! Report cards are on the way!

Anybody know who Mary Elizabeth Cowan has a date with Sunday afternoon?—E. C. hints appreciated.

Mary Lynn Richardson is sparkling a diamond ring—third finger, left hand.

We hear that Rowe Rhett is thinking of leaving Grenada, unless he can

find a room in town.

Flash! Winifred's newest flame, P. S., from what we can find out he is a serious one, is Bob Rhett. Just ask Winifred how the moon looks from a horse!

LESSONS

Patty Ann Prather, Ninth Grade. Indeed I like my Latin class. What subject I do believe I'll pass. With such lengthy lessons galore, In my head much knowledge I'll store. Until when I have the floor, From my mouth information will pour. But Home Economics isn't so good. When I cook, I dust and bring in wood. Balanced diets we do study. Until our faces are quite rudely.

English I like very much; We have stories, poems and such; Often though we memorize Passages of oh! what size! Then algebra comes next; With such problems I'm quite perplexed.

We add and multiply P's and Q's And all sorts of letters we do use. Then for the day our lessons are done And for the rest of the day we can sleep in the sun.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with stinging and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Changes to Meet Wartime Needs

To meet wartime needs, both for the present and the still greater needs to come, Illinois Central announces major changes in passenger schedules and service effective Sunday, October 18th.

Departure and arrival times of popular trains have been revised. Schedules of many long distance trains have been lengthened. Through sleeping car travel between Chicago, St. Louis and New Orleans will be carried exclusively on the Panama Limited, and the special service charge for passage on this train will be discontinued.

The purpose in making these changes is to increase our contribution to the war effort. We shall do our best to provide ample service for essential civilian travel, but of course our first duty is to provide for the increasing movements of troops and war materials.

I am almost as proud of Ben Adams being elected president of the Grenada Bank as Ben is. It is an honor and responsibility, richly deserved, and I was his good friend and his congratulatory to him are sincere.

Election officers should remember that if an appointed officer fails to show up the officers who do show up are authorized to fill the vacancy of vacancies.

Col. Ryder is getting his Post Headquarters into pretty good shape. This is indeed a "fine" war. They have lots of pretty girls working in the office. In other words, we had to look at the lovely faces of men.

I wonder, with all of the paper work, if that office has any right to do it so, the G.C.W. can do it, and would be glad to do so.

If anyone wants to get mad about the beer question, let them get mad; but they should remember that I have just as much right to have and to express my opinion as they have. I am not ashamed of my stand.

I have always favored the CONTROLLED sale of hard liquor, as is done in Arkansas and Alabama, and I favor the controlled sale of beer.

The combined forces of the U. S. Government, the State of Mississippi, the county and city were unable to stop the sale of hard liquor. Uncle Sam gave it up as an impossible task. How can local forces, WITHOUT Uncle Sam's aid (but, on the contrary, with his tacit approbation) stop the sale of beer?

They have a stall built for the jack in the jack barn, but no hay rack or feed trough.

Come by and see samples of personal stationery that we produce for men in service and for civilians. It is the REAL thing as a gift for a loved one.

Since canned goods are getting scarce, several of the women of Grenada have actually learned to prepare a meal without a can opener.

I am going to vote "for" beer, although I seldom drink a bottle. Nor am I a traitor to my country. In 1917, I volunteered my services in the army. Both of my sons have volunteered in the present war.

Elmer Mike Conner is getting a lot of postal cards these days.

Only 8000 soldiers will be turned loose in Grenada each day.

Please, you fellows who have not had your pictures taken for the ration card supplement, go to Sturrier's Studio at once and have pictures taken. We want to get this edition out this year.

Captain Mitchell, of the civilian state, is a native of the free state of T. Hatchette.

And they sweet.

While enlisted men at the camp are invited to the USO dance to be held at the Community House Saturday night.

Due to inability to get sufficient help, Belmont Cafe closed its doors Saturday night, not to be opened again. Katie is working up at the Barwin with her sister, Selma.

Some of those whom Judge Smith ruled last week are tied up again.

Captain R. M. Sprague, the S. S. Officer at Camp Headquarters, has been added to our list.

I recently met Captain Uzell, the Post Exchange Officer, who seems to be an excellent fellow. He has an immense task, let it be said.

Horn and Greenfield face a week-end of illness and sin unless some job work comes into the office.

Printers, like everyone else, are going to be extremely busy when the camp is filled and it is, therefore, expedient that those whose stock of printed matter is getting low to stock up at once before the "big rush."

Although I am bitterly opposed to discontinuing the sale of beer in this county, for reasons stated elsewhere, I was fair enough to INVITE Rev. G. E. Wiley, who thinks otherwise, to have his say in this issue.

One list of subscribers is steadily increasing. We have neither time nor space to mention all this week, but we will mention a lamb returned to the fold, Millard Tilghman, or rather a ram.

How Should Christians Vote?

(Rev. Glen E. Wiley)

An advertisement has appeared asking, "Which do you want: Regulation or the bootlegger?" But that is not a same question. Why take that attitude? They are not alternative at all. The truth is that the bootlegger does a better business if we sell beer legally, because a boy or girl generally begins to drink alcohol first in beer. Beer creates customers for a bootlegger. There are now 177,000 saloons in America, as compared to 177,000 before prohibition. More than five billion dollars are spent for liquor every year, including bootleg, bootleg being estimated at forty percent of legal liquor. Bootleg thrives on legalization.

Legalization did not stop moonshining and bootlegging in Alabama, where Federal Agents seized 1217 stills during the fiscal year ending June 30, 1941. Approximately one-third the number were seized in Mississippi during the same period. Reports of Alabama "Alcoholic Beverage Control Board" show that agents of the Board made 1,271 cases against bootleggers in 1938, and 3,450 cases in 1940. NEARLY THREE TIMES AS MUCH BOOTLEGGING, DESPITE REGULATION!

But why should bootlegging increase under legalization? That's simple. The high tax on liquor provides cover under which bootleggers operate. This is shown in increased bootlegging IN ALL STATES HAVING LEGAL LIQUOR. Legalization and attempted control of liquor has failed IN EVERY STATE WHERE IT HAS BEEN TRIED. Certainly, too, no control is possible after the liquor is sold. Drinking legally-sold liquor will produce in intoxication, drunken driving, alcoholism, and other evils as quickly as bootleg booze.

There is also abundant evidence that LIQUOR PRODUCES NO NET REVENUE; increased crime, and economic losses from drink cost far more than alleged revenues from liquor.

Grenada County collects only \$750 a year for beer tax, and every cent of it goes to Jackson. The City of Grenada only collects \$750 per dealer for beer tax, and is it worth the trouble, the sorrow and the financial cost to take care of the drinks that come from this filthy stuff? The nurses at the hospital alone say they wish we could get rid of it for their sake. Kill, lunge, stab, and so forth on Saturday nights are nearly all attributed to beer, they say.

Then, too, we say we're Christians, many of us. At the mercy of every bottle of beer, are human values of which the church is supposed to be guardian. Are we no longer interested in these? Have we abdicated as heralds of salvation? Alcohol is Christ's greatest enemy. For just what do you, as a church member stand anyway? Beer will cost too much. Vote it out!

Horton And Horton Sell Part Of Their Holdings

Effective last Thursday, the hardware department of Horton and Horton, on Green Street was sold to Dock Hardware Company, and the grocery department was sold to Paddy Wiggly. Only the stocks of goods were effected. Mr. Sanford Horton, whose health is not good, will look after his farming interests. Mr. Finley Horton will probably do the same thing. Mr. Earl Horton, it is understood, will accept a government position.

The dry goods department in the handsome new building will continue to operate under the management of Mrs. Finley Horton and her son, Mr. Ray Horton.

The Hortons have been deservedly popular, and the firms were making money; but the difficulty of replacing merchandise, especially in the hardware department, induced them to sell out.

B. C. Adams Elected Pres. Of Grenada Bank

A meeting of the Directors of Grenada Bank was held Oct. 29th, 1942, at which time Mr. B. C. Adams, who has been connected with the bank for 33 years and vice president for twelve years, was unanimously elected president.

Mr. J. W. Griffin was the first president of the bank, serving as such until his death in 1931.

He was succeeded by James T. Thomas, who served until his death Oct. 17th, 1942.

Mr. B. C. Adams has been most successful in his duties as president. All three of these men were born and reared in Grenada county.

Letters To The Editor

Mr. W. W. Whitaker, Editor, Grenada County Weekly, Grenada, Mississippi. Dear Whittaker:

A matter that deserves a great deal of attention on the part of all of our people in the City of Grenada and Grenada County is a name for the Air Port Command Base at Haskoway.

It is my understanding that it is the policy of the Army to name the Air Fields in honor of one of the first of the war casualty list from the community in which the field is located. In view of the above stated policy I believe that the name of "CLANTON FIELD" is very appropriate and fitting as Guy Clanton, who served as a member of the Army Air Corps, gave his life for his country.

It will be appreciated if you will lend your assistance by bringing this to the attention of the proper parties. With best wishes,

Sincerely yours,
BYRON HUNTER

USO

Have you ever wondered why the USO has had to rent temporary quarters in which to serve our soldiers?

The Federal Government promised to provide a building and the Grenada Auto-building has been recommended for this purpose. The bids have been submitted and the city has asked for another week in which to complete their records, which will be forwarded with the architect's plans to the Federal Security Agency, which when approved will be returned to Grenada for the contractor's bid.

The local USO committee has just received a letter from the National office in which they state:

"To you and your tireless workers, we are indeed grateful. It is time to have such cooperation on the part of the local people. We promise not to let you down."

The Community House has been secured at a rental of \$75.00 per month and has been furnished with comfortable chairs and bunks, so that when the soldiers come to town they have a place to call their own. Around 250 letters have been written in the three weeks the USO has been operating. Three dances have been given and the house is open all day for enlisted men.

One will always find a senior hostess and several junior hostesses on duty, ready to offer assistance and give information.

New Rationing Board

Due to the resignation of J. W. Bradley, Chairman, and the resignation of Claud Perry, two new members of the Grenada County Rationing Board, Miss J. Jim Keeton and George Grant, have been appointed to serve. The Board is now composed of the two named above and John Murray. Mrs. "Red" Martin is the secretary and does most of the work.

TO MY FRIENDS, THE OFFSPRING OF THE DAMS ON YOCONA AND VALORISHA AND SKUNA RIVERS:

I have this single simple statement to make to you. The effort to pretend that this is a defense project has failed, and regardless of what you may hear, if you will absolutely refuse to sell your lands or give any option, or contracts with regard to the sale of any land for these projects we will defeat these dams and reservoirs without a shadow of doubt. There is a lot of propaganda to the contrary but if you will do as suggested we will never have a dam or reservoir.

IKE STONE.

Coffeeville, Miss.

McCurie Talbert's pile of scrap is piling higher and higher.

The Grenada County Weekly has been in correspondence with Senator H. H. Haskins relative to the possibility of having the auxiliary fire-fighting equipment allocated to Grenada, which has been designated as a defense area. The Senator's reply has been to the effect that the auxiliary fire-fighting equipment is not available for allocation to Grenada.

A letter of September 29th to the Secretary of War, enclosing correspondence from Mr. W. W. Whitaker, Editor of the Grenada County Weekly, Grenada, Mississippi, relative to the allocation of auxiliary fire-fighting equipment to Grenada, has been returned to me for consideration and reply.

As you know, Grenada County, by its location, is a defense area. It is a defense area because of its location, and because of its location, it is a defense area. It is a defense area because of its location, and because of its location, it is a defense area.

It is a defense area because of its location, and because of its location, it is a defense area. It is a defense area because of its location, and because of its location, it is a defense area. It is a defense area because of its location, and because of its location, it is a defense area.

Consideration has been given to all the available information relating to the community of Grenada and it has been determined that, because of its location, it is a defense area. It is a defense area because of its location, and because of its location, it is a defense area.

Cpl. Sidney White Writes Father From England

Mr. J. E. White, Grenada, Mississippi. Dear Dad:

I would have written sooner but have been so busy away from my home that I haven't had time to write.

I am "Someday" in England, but of course I can't tell which part.

I think they do everything backward over here. I should make a good driver over here—they are supposed to drive on the left.

The weather here isn't as bad as I expected—but it is warmer than in Mississippi.

I'm feeling fine—haven't been sick since I left home—not even sea sick. Cigarettes, candy, gum, and beer are rationed but we get plenty of them. Guess you have my address by now.

The Lesser Of The Evils

I stated previously that, inasmuch as I was on the County Election Commission—whose duty it is to canvass the election returns, appoint the election officers and purge the books—I would have nothing publicly to say of the proposed beer election. I am no longer a member of that body. I have no duty that would embarrass me in expressing myself in this, or in any other matter of public concern. Five generations of my family have lived in Grenada County. Some of them have occupied posts of honor and responsibility. I, therefore, am convinced that I have more real interest in the continued welfare of Grenada county than some of those, bitterly opposing beer, who could pack up and be out of town on 24 hours notice. Every material thing that I own is in Grenada county. The dust of departed members of my family is mingled with the clay of Grenada county.

I willingly concede to those who would abolish the sale of beer the same right that I retain for myself—that is to vote and speak my convictions. I do not accuse them of dishonesty of purpose and I dare them to say that I am influenced by any motive other than the desire to "choose the lesser of the evils"—the small evil of drinking beer and the great evil of bootlegging.

When this question arose, I took it upon myself to write the commanding officers of several army camps and posts in the State of Mississippi, to find out if beer was sold in the canteens, and what effect was noticed from the sale to and consumption by the men in the service. I also asked permission of quoting the replies. While all commanding officers who replied, stated that beer was almost universally sold in army canteens, only two gave their permission to be quoted. These letters appear elsewhere in the form of a paid ad. I would have published them free, but why not get paid if you can? While the Executive Officer in Camp Shelby did not write his consent to quote him, he did so in a telephone conversation Monday.

These officers are comparatively small fry compared with Secretary of War Stimson whom the Associated Press quoted, as follows:

"Temperance among soldiers," he continued, "is obtained by the application of practical and tolerant measures, from educational supervision, and restriction rather than from prohibition."

BEER DEFENDED

"The sale of beer on the military reservations during restricted periods in our belief facilitates self-control and discourages excesses. Prohibit this and those who desire such beverages will inevitably resort to the speakeasy and bootlegger outside the military reservation."

"From my own experience as Secretary of War many years ago, the so-called 'temperance' legislation then passed produced similar disastrous effects."

I willingly concede that overindulgence in beer is harmful yet I dare anyone to deny that overindulgence in food is harmful. I dare anyone to deny that overindulgence in any form whatever is harmful. Who has not heard the homely old sentence, "He is digging his grave with his teeth?"

Apparently you will vote on the question, "Shall beer and light wine be sold in Grenada County?" You are REALLY voting on this question. "Will a man be permitted to go into a respectable place, where state sanitary laws are supposed to be observed, and drink a bottle of beer, paying the selling price for it; or shall he be forced to go to some dive, or into the kitchen, or into some house of ill repute and drink his beer, paying a premium on it?"

I hope nobody in Grenada County is so glib as to suppose that merely "voting out" beer will eliminate the sale of beer, any more than the strict whiskey laws prevent the sale and consumption of whiskey. The law, which should be universally respected, has, so far as whiskey is concerned, become a hollow mockery. Disrespect of THIS law breeds disrespect for ALL law.

Let this be said: if you are voting against beer to

protect the soldiers, you are throwing your vote away. Camp McCain, and no other military reservation, is governed by local authorities, but by the Commanding Officer of that camp. If EVERY person in Grenada County voted to banish beer from the county, and if the Commanding Officer at Camp McCain permitted the sale of beer there—as most commanding officers do in their respective jurisdictions—beer will be sold to the soldiers in the canteens at Camp McCain. So your vote will have NO effect whatever on conditions at Camp McCain. "To sell, or not to sell" is strictly up to the Commanding Officer.

Let's all be consistent in voting. If you have a pint of beer in your home and take a nip whenever you want it, why deny to the poorer man the opportunity to indulge in his form of alcohol? If you keep an outside woman, or, if when absent from home, you mix and mingle with the sirens and the ladies of the evening, why deny your neighbor the right to indulge in his much less heinous sin. If it can be called a sin, to drink beer. If you live in glass houses, cast no stones. If you are without sin, then you have a right to throw as many stones as you wish.

I do not drink an average of one bottle of beer a month and therefore, I am not pleading my own case. I am pleading for the legal sale of beer which has thrown about itself not only the protection of the law, but also the protection of a very strict organization devoted to the task of seeing that beer, if sold, is sold in such a manner that it will not become intolerant to the community. I grant this committee is actuated by intelligent self interest.

To me personally it means less than nothing what happened at the election. But I am interested in Grenada County, and it is my considered opinion that the sale of beer in Grenada County should be continued, and that the appetites of our people for some form of stimulant should not be turned over to the bootleggers, the speakeasies, the Peavine scotch merchants and ally cats for satiation.

Working A Free Horse To Death

It is just as true in the human world as in the animal world that a free horse will be worked to death.

I have a "free horse"—my old lady named Mabel—in my family. Being a free-hearted person, and one imbued with a burning desire to help her fellow man, she is imposed on beyond any reasonable measure. Negroes from our old home at Oxberry lay their troubles on "Miss Mabel's" shoulders and confide their tribulations to her sympathetic heart. The women of Grenada, or at least many of them enlist her help in every conceivable undertaking. Folks will not let her eat a meal or take a nap without constant interruption by the jangling telephone bell. Long ago I had the telephone in the office moved to her desk. Even at that, if she goes out for ten minutes, she usually has from one to three calls during her absence. I remember recently, she, as chairman of a body, appointed a committee to write some resolutions. Bless God, she herself had to write them.

Before old Preacher Brown in Water Valley in 1918, she promised before God to "love, honor and obey" me. I have, therefore given her ORDERS to look after me, her children, her home and the GCW, and to let the world go to hell.

She is getting saddle sores on her back. She, as one lone woman, cannot help if the world goes to hell, to which it is rapidly headed, and I, as her husband, am damn tired of her being worked to death in the ceaseless cycles of useless things that people are doing.

Yes, There Are Tears Mixed With This

Tears well up unashamed as I write these lines. Tears of pride, tears of sorrow and tears of resentment.

Our youngest son, Andrew, married to a sweet little wife who is dependent on him, volunteered in the Army Air Corps Monday.

Andrew is the same "little blue eyed boy" that George Terrell used to rock to sleep when we lived at Oxberry.

Tears, yes; tears of pride that our boy did not wait until the inevitable time when he would be drafted; tears of sorrow that he is the LAST of our four children—to whom we have given the best we could—to leave home; and tears of resentment that I personally know UNMARRIED young men who are still in our midst, MARRIED men with INDEPENDENT wives still in our midst, and reservists, unmarried and without dependents, still in our midst.

error for the University of Mississippi, who shall have a vote only in matters pertaining to the University, and which Trustee shall be a resident citizen of DeSoto County, to be known as the Trustee for the La Baue Fund, and serve for a term of four years, to commence from the date of appointment.

Such Board shall have the power and authority to elect the heads of the various institutions of higher learning, and contract with all deans, professors and other members of the teaching staff, and all administrative employees of said institutions—for a term not exceeding four years; but said Board shall have the power and authority to terminate any such contract at any time for malfeasance, inefficiency or contumacious conduct, but never for political reasons.

Nothing herein contained shall in any way limit or take away the power of the Legislature had and possessed, if any, at the time of the adoption of this amendment, to consolidate or abolish any of the above named institutions.

RESOLUTION NO. 17

A CONCURRENT RESOLUTION TO AMEND SECTION 211 OF THE CONSTITUTION OF THE STATE OF MISSISSIPPI SO AS TO PROVIDE THAT THE LEGISLATURE MAY PROVIDE FOR THE LEASE OF SIXTEENTH SECTION LANDS, RESERVED FOR THE SUPPORT OF TOWNSHIP SCHOOLS WHERE SUCH LANDS ARE SITUATED IN ANY MUNICIPALITY OF THE STATE, FOR A TERM NOT EXCEEDING 99 YEARS, FOR A GROSS SUM.

RESOLVED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI, TWO-THIRDS OF THE SENATE AND HOUSE OF REPRESENTATIVES AGREEING THERETO, That the following amendment to the constitution of the State of Mississippi be submitted to the qualified electors of the state for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, A. D. 1942, viz:

"SIXTEENTH SECTION LANDS SITUATED IN THE MUNICIPALITIES OF THE STATE MAY BE LEASED FOR A TERM NOT EXCEEDING 99 YEARS.

SECTION 211. The Legislature shall enact such laws as may be necessary to ascertain the true condition of the title to the Sixteenth Section lands in this state, or lands granted in lieu thereof, in the Choctaw Purchase, and shall provide that the Sixteenth Section lands reserved for the support of township schools shall not be sold nor shall they be leased for a longer term than ten years for lands situated outside municipalities and for lands situated within municipalities for a longer term than 99 years, for a gross sum; provided further that existing leases of the Sixteenth Section lands situated in the municipalities of the state may, for a gross sum, be extended for a term of years not exceeding 99 years from the date of such extension, but the Legislature may provide for the lease of any of said lands for a term not exceeding twenty-five years for a ground rental, payable annually, and in the case of undeveloped lands may lease them for such short terms as may be deemed proper in consideration of the improvement thereof, with right thereafter to lease for a term or to hold on payment of ground rent; provided, however that land granted in lieu of Sixteenth Section lands in this state and situated outside of the county holding or owning same, may be sold and the proceeds from such sale may be invested in a manner to be prescribed by the Legislature."

COMMISSIONER'S SALE OF LAND FOR PARTITION

LOTTE WEIR, ET AL.
vs.
IRA WEIR.

By virtue of the provisions of a decree of the Chancery Court of the First Judicial District of Yalobusha County, Mississippi, rendered by said Court on the 12th day of October, 1942, the undersigned, as Commissioner of the Court, in said cause, will on the 14th day of November, at the County Courthouse, at the North door thereof, in Coffeeville, First Judicial District of Yalobusha County, Mississippi, within legal hours, expose for sale and will sell to the highest bidder for cash, 25% of the bid to be paid at the time of sale and the residue of the purchase price to be paid on confirmation of the sale by the Chancellor, the following described lands, to-wit:

The South Half of the South Half of Section 11, Township 23 North, Range 6 East, lying and being situated in the First Judicial District of Yalobusha County, Mississippi, containing 160 acres.

And also, The Northeast Quarter of the Southwest Quarter and the East Half of the Northwest Quarter of Section 14, Township 23, Range 6 East, lying and being situated in Grenada County, Mississippi, and containing 120 acres.

The said lands are being sold for the purpose of partitioning among the owners in accordance with said decree, and the title is believed to be good, but I will convey only such title as is vested in me as said Commissioner.

This October 22, 1942.
J. ROY BENNETT,
Clerk-Commissioner.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—in risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, tingling pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval and are recommended by grateful users everywhere. Ask your neighbor!

"AFTER IT'S OVER"

When this war is over
And peace again returns,
There'll be fields of clover
And the happiness we have earned.

There'll be no more bombs bursting
Or enemies in the air,
Hunger and thirsting
Will be things we shall not share.

We'll go right back to our daily work
No war's great aches or pains,
And whatever our duty—we will not shirk
To see that peace remains.

Negro USO Activities

Marguerite Rayford, Local Chairman last week, through the efforts of Marguerite Rayford, local chairman for USO, among the heroes and her committee, the basement of Vincent Chapel, M. E. Church was transformed from a bare concrete basement to a very restful and inviting room for negro soldiers. At the freshly cleaned windows curtains were hung, and on the long center table where the church singers have been served those many years, a matching set of cloth of admirable quality was spread. Six rocking chairs and six smaller chairs, also four card tables were arranged for the soldiers. The above improvements were paid for by local USO approved by Mrs. J. K. Avenet, USO executive chairman, and Mrs. V. W. Whitaker, co-chairman of negro work. This huge iron stove was put in and around its warmth many a soldier will find comfort and peace while enjoying a trip to town.

On Sunday, October 25, the local chapter, which had 24 negro soldiers to attend church services and to have dinner at the various homes of the members. According to a report from Marguerite Rayford, the church and members of them were dinner guests of their new found friends.

The directness and simplicity of the hospitality extended the negro soldiers by the negro citizens is very wholesome and it is certainly most commendable.

On Friday night the soldiers are invited to a song festival at Vincent Chapel and at this gathering the women of the four negro churches will serve cookies from "cookie jars". Marguerite will furnish an extra jar of cookies from her own kitchen.

On Sunday, November 1st the A. M. E. Church at The Plant are inviting 30 negro soldiers to service and will have a picnic for them.

H. M. SHEVYAN, widely known expert of Chicago, will personally be at Irving Hotel, Greenwood, Saturday, only, November 7, from 9 A. M. to 5 P. M.

Mr. Shevyan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthening the weakened parts, thereby closing the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or extent. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Dr. Shevyan will be glad to demonstrate without charge. Add. 6500 N. Artesian Ave., Chicago. Large incisional Hernia or rupture following surgical operation especially solicited.

NOTICE OF SALE OF LAND BY COMMISSIONER

Notice is hereby given that under and by virtue of the terms of a decree rendered by the Chancery Court of Grenada County, Mississippi, on the 20th day of October, 1942, in Cause No. 5580, on the General Docket of said Court, styled Earl R. Hallam, et al. Vs. Loyd L. Hallam, et al., directing the undersigned Commissioner of said Court to sell the hereinafter described lands for partition among the owners thereof, I will offer for sale and sell to the best and highest bidder for cash, 10% of the amount of said bid to be paid at time of sale, and the balance thereof to be paid when said sale is confirmed by the Court, in front of the Court House door of Grenada County, Mississippi, within legal hours on Monday, the 23rd day of November, 1942, the following described lands situated in Grenada County, State of Mississippi, to-wit:

That part of Lot No. Four (4), R. D. Crowder's Survey, East Ward, City of Grenada, beginning at the Northeast corner of the R. L. Jones Lot in

said Survey and running thence North 86 degrees East, 46 poles; thence South 9 degrees West, 30 poles and 18 links; thence West 20 poles; thence North 35 degrees West, 15 poles; thence West 12 poles and 15 links; thence North 14 poles and 15 links; to the point of beginning, containing 6 and 3/10 acres and known as the M. G. Dubard Lot.

That part of said Lot Four (4) R. D. Crowder's Survey, East Ward, City of Grenada, bounded as follows: On the West by the above described M. G. Dubard Lot; on the North and East by the old Grenada and Graysport Road; on the South by the North boundary line of the land known as the Buffington Place, being the Lot conveyed to T. J. Hallam by Mrs. Alma M. Cain by deed recorded in Book 111, Page 264, of the records of land conveyances of Grenada County, Mississippi, and containing 9 and 1/10th acres, more or less.

All that part of the SE 1/4 NE 1/4 of 10-29, 11-5, 12, 19-500w.

Section 17, Township 22, Range 5, East, lying West of Bogie Creek, and 54 acres off of the South part of this W 1/2 NE 1/4 of said Section 17, Township 22, Range 5, East, and known as the Buffington Place.

And the unexpired Leasehold Interest in the SW 1/4 NW 1/4 of Section 16, Township 22, Range 5, East, lying West and South of Bogie Creek.

And will report said sale to the Chancellor for confirmation on the 30th day of November, 1942, in accordance with the directions of said decree.

Title to said lands believed to be good, (the title to said land in Section 16, being only good to the unexpired leasehold interest) but I will sell and convey such title as is vested in me as such Commissioner.

Witness my signature this 25th day of October, 1942.
